

# Automatically Download Reports (Magic)

By Marvin Johnson Capitas Solutions LLC

This article will demonstrate how to automatically print a report to DOWNLOAD.

## Step 1 - Create a macro called "title"

```
IF{/TITLE.DONE;  
  1^/TITLE.DONE,  
  1^/R.NO.ASK.BN.FF,  
  %Z.on.device("N","","","","DOWNLOAD"),  
  1^/Z.SCHED.LOG},  
"Your Reports Title Goes Here";
```

## Step 2 - Enter a macro call as your report's title

```
Report DPM      ADM.PAT      Report Name      zcus.0517  
Report Title    "_/ADM.PAT,zcus,report,name,M,title(0)_"
```

## Result

The "Save As:" dialog automatically appears when the report is run.
